February 2016 Newsletter

Letter from Chamber President Chris Hamm

Chamber Members:

Thank you for your commitment to the Milford Miami Township Chamber of Commerce in 2015 and your continued support for the coming year.

As the oldest chamber in Clermont County, we have been supporting the local business community for nearly 70 years. We are especially excited moving forward as we initiate Vision 2020 that creates a strategic 5-year plan into the year 2020. This vision will focus on creating more value and support for our members through advocacy, education, community development, and economic growth. As we go through the development process, we will keep you updated and informed, while also asking for your input.

For 2016, we will continue to bring you and the community many events including networking socials, Frontier Days and Parade, Dinner of Excellence, StreetEats, Cover Awards, Golf outing and the State of Local Governments. We expect to add other great informational events and will keep you posted as they are finalized.

We are excited to launch our new App this year, mychamberapp. This can be downloaded for free on any smartphone and provides a user-friendly interface of all chamber members, their products and services, location, and has the potential for additional marketing and advertising. Anyone, from anywhere, that ventures into are area with this app will be automatically directed to our local chamber and its directory.

We look forward to a great 2016 and the many exciting changes in store for the Milford Miami Township Chamber of Commerce as we look to better serve and represent you.

Best regards,

Chris Hamm
